RUTLAND

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady, 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico peaks forming a most fascinating sky-line. To the west are more unusually beautiful mountains, Bird Mountains and the northern end of the Taconic Range, and to the north a broad valley reaching into the Champlain valley, also to the south an unusually beautiful valley running into Massachusetts and the Berkshires. From any high point in the city of Rutland can be seen the high points of Taconic range to the southeast, which really separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In the summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or base ball parks. There is also mountain climbing to be had within a few miles of the city. The

trail to Mt. Killington, over 4,200 ft. in height, is one of the notable mountain climbing stunts of western New England. For lesser climbs there is Shrewsbury over 3,700 ft. and Pico over 3,900 ft., and the trails in the Green and Bird Mountains. Lake Bomoseen is also available to Rutland residents and visitors, at a distance of about 10 miles, and is a fine body of crystal clear water, some 8 miles in length. Lake Dunmore, 20 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction, for camping, boating, and bathing. There are other smaller lakes not far distant from Rutland, and easily accessible.

Of particular interest to outdoor sports lovers is the proximity of the "Long Trail," which passes within 15 miles of Rutland, doubling along the ridge of the Green Mountains, and crossing the following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland and Mendon, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of little Killington and Killington, little Pico and Pico. This is one of the most famous trails in eastern North America, and has a large number of hikers annually. Rutland is one of the supply points on this trail. For the past few years there has been agitated a sky-line highway over the Green Mountains that would pass to the east of Rutland near the route of this Long Trail and would bring many visitors to Rutland. There is a winter sports area on Pico peak much frequented by Rutland ski enthusiasts.

INDUSTRIAL—Rutland leads the State in industry. In 1940 there were 39 major plants making a variety of more than 50 products valued at over \$7,000,000. Employing over 2,000 with a payroll of more than \$2,500,000 annually. Materials used annually cost \$3,000,000. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a payroll of \$7,000,000, value of products annually \$20,000,000. The leading products are anti-septics, medical products, awnings, flags, barrels, books, confectionery, cement, electrical parts for airplanes, tile, dairy and creamery machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, painting, maple sugar utensils, marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, medical bandages and pads, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit packing, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are over 45,000 farm animals in the county; 92% of the labor supply is native born. Available industrial sites are of the best and on trunk line railroads.

FINANCIAL—Rutland has 5 banks and 1 co-operative bank. There are 2 national banks with capital and surplus of over \$1,000,000 and deposits of nearly \$7,000,000; 1 trust company with deposits of over \$2,000,000; 2 savings banks with resources of \$23,000,000. These make a total of 6 banks covered by this Directory. City real estate valuation is nearly \$14,000,000, assessed at about two-thirds value.

EDUCATIONAL—There are 8 elementary schools, 1 high and 1 intermediate, making a total of 11 schools, 2 Parochial. Through a new high school building, provision has been made for growth which is pressing. There are 8 principals and 82 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 2,200. The parochial school enrollment is over 1,400. Public Library has 28,000 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

POPULATION—The 1940 population of Rutland City was 17,217. Rutland Town and City 18,695. Excess of females over males 800. Excess of births over death 960 in 7 years past. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,149; *1890, 11,760; *1900, 11,449; 1910, 13,546; 1920, 14,954; 1926, 14,825; 1927, 17,446; 1930, 17,315. Total population covered by this directory is 26,283. Estimated population in January 1946, Rutland City 18,300; Rutland City and Town 19,850; Rutland, West Rutland and Proctor 28,000.

MERCANTILE—Rutland is a trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. There are 316 stores, retail and wholesale. There is three miles of store frontage located mostly on Merchants Row, Center, West, Wales, Strongs Ave., Willow and Evelyn streets. Annual retail sales in 1940 were \$11,530,000; 262 proprietors and co-partnerships and 61 corporations. 1525 employed clerks, payroll of \$1,195,000. There are over 200 professional offices.

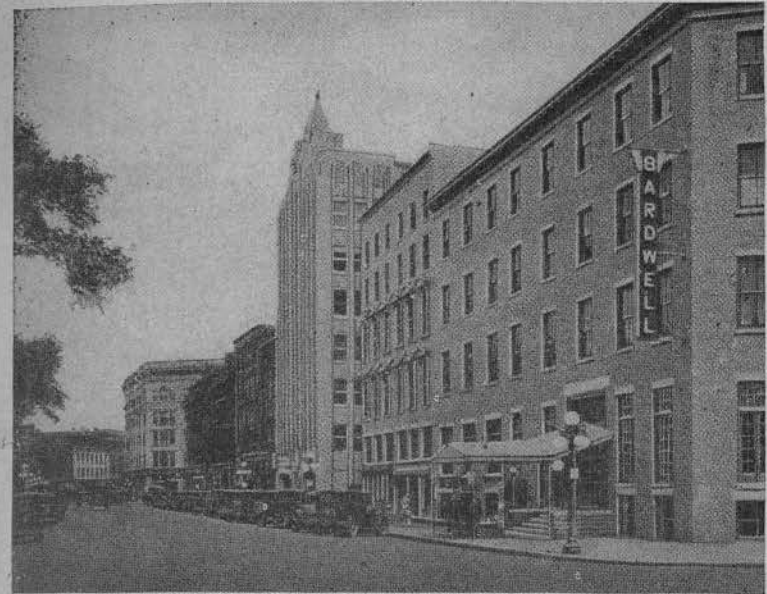

TRANSPORTATION—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lakes-St. Lawrence River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania; the other divisions connect with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total number of passenger trains in and out of Rutland daily are 26. There are 13 regular freight trains, the total inbound and outbound tonnage annually is nearly 300,000 tons. With the discard of street railway system Rutland inaugurated a complete bus system which has grown very efficient and not only serves locally but interurban. There are also 7 interurban bus lines covering a total of 295 miles. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam, with following route numbers: 4 to Whitehall, N. Y.; 4 to Concord, N. H.; 7 to Troy, N. Y.; 7 to Burlington and Montreal, Can.; 103 to Bellows Falls; 30 to Middlebury via Castleton; 3 to Pawlet via Castleton; 3 to Pittsford via Proctor; 286 to Granville via Poultney. The airport has a runway of 4,100 feet north and south and 3,600 feet east and west.

RUTLAND

Trading Center for a Population of Over 100,000

ONE BLOCK OF MERCHANTS ROW

A Charter was granted to the Town of Rutland on September 7, 1761, and Rutland was organized as a City on November 19, 1892. It has a population according to 1940 census of 17,217. City and town 18,557, present estimate 20,000.

Rutland, known as "THE MARBLE CITY" is located midway of the State of Vermont north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Boston is 167 miles, New York City is 235 miles, Montreal is 165 miles, Philadelphia is 325 miles, Baltimore is 420 miles, Burlington is 68 miles, Montpelier is 66 miles, Glens Falls is 50 miles and Albany is 90 miles, Schenectady 100 miles.

Rutland is an industrial center and the largest railroad center in the State, served by the Rutland and the Delaware & Hudson Railroads. State and Inter-state buses serve the city.

Industries are seeking advantages of attractive topography, open country in which to expand and build homes for employees, good transportation facilities, a friendly and progressive people, natural resources of agriculture, dairying, mineral products.

Hotels, inns, tourist homes and cabins, restaurants, grills and diners for every taste and every purse are located in Rutland. City water supply from pure mountain brooks.

Rutland Commercial Area

The view shown below gives some idea of how vast and attractive is the Greater Rutland terrain in which industries and business houses can locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland has available for homes. Railroads in five directions. Highways in seven directions. Airways in process of planning. The purest of mountain brook water feeds the reservoirs.

OVERLOOKING MARBLE QUARRIES IN WEST RUTLAND LOOKING EAST

City of Rutland lies beyond first low hills.
Distant Skyline is Green Mountain Range

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies a particularly pleasing sports and playground with lakes, mountains and valleys. Winter and summer sports have become a substantial industry, and after the war should grow and expand. New industries are coming to Rutland. Consumer markets are in this section of the country. A spirit of welcome prevails. 100,000 people in the trade area. 34,000,000 consumer population within 500 miles.

There are 323 retail and wholesale establishments occupying over three miles of store frontage on seven streets. 262 of these are proprietors or copartnerships and 61 are corporations. Nearly 2000 clerks are employed. There are over 200 professional offices.

Rutland Municipal Airport

LOCATION

On Highway Route 103, six miles south of the center of the city. A short distance to Highway Route 7 and plans call for new road to this important highway in future developments.

COMMISSIONERS

Gerald E. McLaughlin, chairman; Carleton O. Wilson, George E. Cobb.

AREA

425 acres of favorable level terrain, suitable for future development to any needed proportions.

RUNWAYS

In letter X form with two runways northeast, southwest, 4,000 feet long; northeast, southwest, 3500 feet long. Runways 150 feet wide. Paved with Bituminous Macadam, safety strips 150 feet wide on each side of runways. Boundary lighting for each runway; beacon and illuminated night landing tee.

EQUIPMENT

New \$50,000, 80 feet by 60 feet, modern steel frame hanger, with adjacent repair shops and offices. Hanger can be used for repair service and storage for both transient and resident planes. Two modern T hangers.

OPERATORS

Rutland Airport, Incorporated. Providing flight instruction, ship rentals, and charter flights, and passenger hops. John J. Laudenslager, manager, telephone 683-W

SERVICE PLANS

Rutland airport has been recommended by Civil Aeronautics Board examiners as a flight stop for New York service. This service expected to be inaugurated some time in 1946. An administration building with waiting room and restaurant is also planned.

Recreational Rutland

IN Promoting a Greater and Better City, it has been the aim of the planners of Future Rutland to give full emphasis to the Pleasure and Health aims for our Citizens. Prominent Recreation and Sports are Athletics, Hiking, Mountain Climbing, Horse Back Riding, Trail Tramping, Snow Shoeing, Skiing, Camping, Picnicing, and just pure relaxation in the buoyant healthful atmosphere of Rutland County.

In addition to the sports possibilities of the Mountains to the east and west of Rutland, there is a Development of Recreational Facilities within the city, to make life more happy. Golf Courses, Tennis Courts, Base Ball Parks, Athletic Fields, and the Finest Municipal Bathing Pool in the State are already possessed and more planned.

The experienced mountain climber can try Mt. Killington rising to an elevation of over 4,200 feet, or Pico Peak of some 4,000 feet, or Mt. Shrewsbury of 3600 feet. These are nearby and accessible, and all are visible to the east from the city. Ten miles to the west are the Bird Mountains, which are really the beginning of the grand Taconic Mountains ranging south along the Vermont-New York State line into Massachusetts and Connecticut, this range culminates in famous Mt. Equinox of 3800 feet and visible to the south in clear weather and certain locations in the city. Greylock Mountain in Massachusetts is a spur of this range and is the highest point in that state.

Rutland Municipal Bathing Pool

Some notable Trails run over these mountains, and Rutland is one of the supply points for their large number of hikers.

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basket Ball, Tennis, are part of the regular school schedule of athletics. Rutland professional base ball has thrived here, and as a member of the Northern League has reached attendance as high as 6,000 at a game.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

P I C O FOR SKIING

"Where the Snow Stays"

Whatever we may say of Pico we know should be in superlatives for skiers love it. We also know, as skiers, that superlatives never sell a ski area, that facts, not flights of fancy, are desirable. In other words, skiing is believing so briefly we summarize Pico and hope that one day you will grow to love it, too.

Famous Pico peak with Maximum Altitude of Nearly 4000 feet. Has Expert Open Slope, Intermediate Open Slope, Novice Open Slope Nursery Slope, Sunset Schuss.

The first Alpine Ski Lift in North America (highest capacity Lift in the world) serves the largest open slope area above 2000' feet in the East.

ASSURED SNOW—Average length of season 4½ months.

ACCESSIBILITY—Located directly on U. S. 4—a few miles from Rutland, Vt. (refer to Skier's Guide to Pico Peak for detailed information relative to trains and bus schedules to Rutland).

ACCOMMODATIONS—On the Mountain and in Rutland —(refer to Skier's Guide for complete information).

P I C O

Write your views to them on all important local, national, and international legislation that comes up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under wrong influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgment and common sense. Guide them with good old fashioned home-town logic and help save America from pitfalls which daily threaten our constitutional rights.

Bill of Rights

(In force December 15, 1791)

ARTICLE I.

(RELIGIOUS ESTABLISHMENT PROHIBITED, FREEDOM OF SPEECH,
OF THE PRESS, AND RIGHT TO PETITION.)

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble and to petition the Government for a redress of grievances.

ARTICLE II.

(RIGHT TO KEEP AND BEAR ARMS.)

A well-regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.

ARTICLE III.

(NO SOLDIER TO BE QUARTERED IN ANY HOUSE, UNLESS, ETC.)

No soldier shall, in time of peace, be quartered in any house without the consent of the owner, nor in time of war but in a manner to be prescribed by law.

ARTICLE IV.

(RIGHT OF SEARCH AND SEIZURE REGULATED.)

The right of the people to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures, shall not be violated, and no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

ARTICLE V.

(PROVISIONS CONCERNING PROSECUTION, TRIAL AND PUNISHMENT—PRIVATE PROPERTY NOT TO BE TAKEN FOR PUBLIC USE
WITHOUT COMPENSATION.)

No person shall be held to answer for a capital or other infamous crime unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use without just compensation.

ARTICLE VI.

(RIGHT TO SPEEDY TRIAL, WITNESSES, ETC.)

In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the state and district wherein the crime shall have been committed, which districts shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.

ARTICLE VII.

(RIGHT OF TRIAL BY JURY.)

In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise re-examined in any court of the United States than according to the rules of the common law.

ARTICLE VIII.

(EXCESSIVE BAIL OR FINES AND CRUEL PUNISHMENT PROHIBITED.)

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

ARTICLE IX.

(RULE OF CONSTRUCTION OF CONSTITUTION.)

The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people.

ARTICLE X.

(RIGHTS OF STATES UNDER CONSTITUTION.)

The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.

PUBLISHERS NOTICE

1946—RUTLAND DIRECTORY—1946

301

Publishers' Notice

The following pages are devoted to the interests of industrial, mercantile and professional Rutland. In these pages will be found announcements of all classes of business houses, placed there for the purpose of enlightening those who would BUY IN RUTLAND.

In no other place will such a huge amount of data regarding Rutland be found. It represents indefatigable labor on the part of the publishers coupled with the progressive and co-operative spirit on the part of those listed herein. Rutland thus writes a milestone in its history that must have far reaching effects in its progress.

If this book serves you and your city you can do no less than give recognition to the men and institutions who have made this possible. Some big men in Rutland have had such a belief in this Directory that they have gladly given of their time and finances that some of the institutions might have registration. To these men in particular we wish to offer our congratulations and gratefully acknowledge their civic spirit.

The Churches

WITH A TOTAL OF TWENTY-SIX CHURCHES representing all the leading denominations Greater Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlanders of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us. Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

A Factor for Progress

in the City Directory**

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

THE BEST ADVERTISING MEDIUM IS THE

**CITY
DIRECTORY**Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. SECOND where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

INDUSTRIAL RUTLAND

As an industrial center Rutland dates to the beginning of Vermont. It is surrounded by natural resources for Industrial Marble, Fire Clay, Slate, Lime, Talc and Soapstone, Agriculture, Forest Products, Dairying. It has location, Hydro-Electric Power, Transportation. Within 500 miles live 34,000,000 consumer population.

There is a diversity of products that stabilize the labor market and encourage manufacturers to do long term planning. Rutland offers many opportunities for industries to locate here and has many fine splendid sites for large and small plants with or without railroad sidings.

There is an exceptional supply of labor to be drawn from Rutland and adjacent counties. Freedom from labor troubles and opportunities for taking care of housing problems are especially good.

Products made here include Antiseptic and Medical Products, Awnings, Flags, Barrels, Confectionery, Cement, Tile, Dairy Machinery, Creamery Machinery, Dresses, Power, Fire Clay, Roof Cement, Shirts, Ice Cream, Ice, Printing, Lumber-Interior Finish, Maple Sugar Utensils, Monuments, Railroad Car Repairing, Sand Pumps, Scales, Trucks, Refrigerators, Carbonated Beverages, Steam Boilers, Iron Work Stoves, Working Machinery, Tin Cans, Smoke Stacks-Bridges, Fire Escapes, Storage Tanks, Structural Steel, Collars, Mattresses, Stoves, Clothes Pins, Threshing Machines and Saws.

There are 37 major plants producing about \$7,000,000 annually; employing 1642 with payroll of \$2,093,861. Materials used annually cost over \$2,350,000. In the greater Rutland industrial district there are 113 plants with 5,112 employees and annual payroll of \$6,650,000 and products valued at nearly \$20,000,000. Quarrying of Marble, Slate, Lime, Talc, Soapstone, Fine Clay is extensively carried on. Agriculture, Fruit raising and Dairying are important in the district. There are 45,000 Farm Animals in the county. 92% of labor supply are native born.

.. home from the Front!

Beginning in the fall of 1942 The National Survey, with a greatly expanded staff, was exclusively engaged in the production of maps for the United States Army and for the Navy. The urgency of this work impelled us to devote our entire thought, energy and time to this vital war work.

As one of only five contractors in the entire country entrusted with this work, we take pride in our part in the war.

We still have unfinished work for the Navy, but are rapidly resuming commercial work. Our enlarged map making facilities and personnel—expertly trained to meet the precision requirements of Army work—are now at your service, ready to direct the pent-up travel desires of a new America to your Hotel, your playtime Resort—to the Vacation Lands of a peace loving Continent.

"Green Mountain—Lake Champlain Route"

AN ESSENTIAL LINK IN FREIGHT TRANSPORTATION

Operating through a non-congested area, the Rutland Railroad assures prompt delivery on all traffic, east, west, north and south, to and from connecting lines.

Differential rates are in effect from New England to the West via the Rutland route, providing speedy, dependable service at lower freight rates.

Many locations for industrial development exist along the line of the Rutland Railroad and full information pertaining to same may be secured by communicating with

This is the Sign of the Progressive Merchant

Who Appreciates Your Patronage by Letting You Use His City Directory.

Who Shows His Desire That You Learn the Efficiency That Frequent Use Will Give to You.

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country; some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THE CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel and restaurant and garage man expect that the masses of the people shall without hesitation ask for a look at the City Directory.
